

Special Education support

FNEI supports the Niño Feliz school in Chichigalpa (approximately 45 minutes from León). Niño Feliz is one of very few programs in the region providing a full educational experience for students with special needs.

- Our assistance to Niño Feliz consists of:
 - Salary for two supplementary teachers for the school
 - Trainings and educational workshops for teaching staff
 - Covering small investments and operating costs such as cooking gas for the kitchen, ink for the printer, etcetera.
 - The creation and maintenance of a Sensory Garden for students
 - Accompaniment with medical and dental brigades
