Education

- **The challenge:**
  - Financial constraints
  - Family responsibilities
  - Unsupported educational system
  - Limited access to internet, computers and educational resources
- **The solution:**
  - ESL curriculum and mathematics tutoring for select group of dedicated, promising students (*Tengo un Sueño - TUS*)
  - *Scholarship Program* for 127 high school & university students
  - Community children's library (*Biblioteca Ricardo Streb*) offering WiFi, computer access, a copy center, academic and non-academic print resources, and a variety of workshops
